University of Pennsylvania, Class of 2020
M.S.Ed. in Education Policy
Degree Conferred: August 2020

Certifications and Awards

Pennsylvania State Teaching Certificate (PK-4)
Virginia State Teaching Certificate (K-6)
Responsive Classroom Training
Children's Literacy Alliance Training
Teacher of the Year 2017-18 (GLASW Charter School)

Teaching Experience

Math Interventionist K-4

(Global Leadership Academy Southwest Charter School, Philadelphia, PA) 2018- June 2020

As a classroom teacher, I noticed a lack of resources and tiered interventions being offered in my school. I proposed an interventionist position in which teachers could receive additional resources for accommodating different levels of learners. I was selected to fill this position and I work now to provide Tier 2 and Tier 3 interventions to scholars in math and to provide coaching to general education teachers on their math instruction.

2nd Grade General Education Teacher

(Global Leadership Academy Southwest Charter School, Philadelphia, PA) 2017-2018

I continued to refine and improve my skills as a teacher in this year. I always strive to manifest my philosophy of teaching: a focus on the academic and social-emotional growth of my students.

1st Grade General Education Teacher

(Global Leadership Academy Southwest Charter School, Philadelphia, PA) 2016-2017

In the first year of a Title I "Renaissance" charter school, I used a holistic approach in the classroom, developing positive classroom culture, addressing complex student needs, and creating an atmosphere in which hard work is the norm.

2nd Grade General Education Teacher (Inquiry Charter School, Philadelphia, PA) 2015-2016

Working as the sole 2nd grade teacher in the founding year of a Title I charter school, I planned and implemented curriculum for all subjects, and learned to successfully teach a class of vastly differing student abilities.

Elementary Teacher Intern (2nd Grade, Waller Mill Elementary, York County, VA) Fall/Spring 2014-2015

Elementary Teacher Intern (1st and 3rd Grade, Waller Mill Elementary, York County, VA) Spring 2014

Research Experience

Graduate Research Assistant

Summer 2020- present

Supported work on updating a cost-benefit analysis paper of social-emotional learning interventions, supervised by Dr. A. Brooks Bowden, Ph.D. Sorted and updated research on recent research published in the field

Graduate Research Assistant

Summer 2019- Fall 2019

Supported work on updating a meta-analysis conducted by Dr. Rebecca Maynard, Ph.D., sorting and evaluating studies for appropriate research design, methods, and focus on college access program evaluation in the U.S. and related countries.

Related Experience

Full Time Childcare (Special Needs)

Summer 2013, 2014, 2015

While working with a child on the autism spectrum and implementing ABA therapy techniques, I gained skills that I implement often in the classroom. I am able to work expertly with the varying needs of children with autism.
